1,445 SURVIVORS
ASSISTED

1,525 HOTLINE CALLS
ANSWERED

4,109 NIGHTS OF SAFE
SHELTER TO SURVIVORS
& THEIR CHILDREN

When a domestic Violence survivor and their children are able to escape abuse and spend the night in a warm, secure place, something wonderful happens:
they sleep without fear.

Dear Friends,

With you by our side, we have moved mountains. What an honor it is to reflect on the incredible transformation & growth you have made possible. Together, we have achieved so much while reaching more than 1,400 survivors last year. Over the last few years, we have grown exponentially & launched new innovative initiatives to better meet the needs of survivors in our community. With the addition of an Injunction for Protection Attorney, training over 10,000 community members in the past two years, and our new shelter expansion, Micah's Place has become a more visible leader in our community. Here are a few highlights of this past year:

- Finished our Shelter Expansion -- adding a family wing with 20 beds -- increasing safety and improving services for survivors.
- Addition of a brand new 240 sq. foot climate controlled pet kennel -- allowing survivors to safely escape with their pets.
- Expanded and fully launched mobile advocacy services, allowing us to offer services at 6 locations spanning across our county.
- New initiatives including extended transportation assistance, the addition of a nationally certified credit counselor & financial coach as well as support groups offered throughout the county.

With each of these efforts, we progress forward in removing barriers for survivors seeking safety and support from Micah's Place. This is all possible thanks to the outpouring support from our community. Together we have transformed how survivors of domestic violence & their families are supported within our community. Thank you for standing with Micah's Place today & for being with us into the future. There is still so much to be done, together.

With Gratitude,

Heather Jones
